Zoning- 8:12 pm

Board of Zoning Application by William Michael Ellis Jr. Trustee and Jeanne Van Vorhees Ellis Trustee to construct a rear addition to an existing, attached, three-story, principal dwelling unit in the R-3/GT zone at 1610 32nd Street NW (BZA # 21392) (2E03)-8:14 pm

Commissioner Maysak moved to adopt a proposed resolution regarding the matter. Commissioner Mathews seconded the motion, which was voted on and passed (VOTES: 7-0-0). The resolution reads as follows:

The ANC Commissioner has spoken with both attorneys and the main affected neighbor who is strongly opposed to any BZA exception and has provided a compelling argument.

ANC 2Es understanding as of the date of this meeting there has been little to no direct owner to owner discussion. We understand the BZA encourages dialogue when exceptions are sought. We note that 2 years ago a spiral staircase was built without any permits and are pleased to see the applicant attempting to follow procedures in our tight knit community.

We understand the key deciding factors in meeting the criteria for a special exception is the effect on light and privacy. Clearly there is an adverse and undesirable loss of light to the neighbor to the North. There is also a concern addressed as to the math and calculations related to the exception.

We look to the BZA to make the ultimate determination on the decision if this application meets the criteria for the requested exception.
